

## Planning and Quality Assurance Affairs

Form (A)

### Course Specifications

#### General Information

Course name	Dermatology
Course number	DENT3104
Faculty	
Department	
Course type	College Needs
Course level	3
Credit hours (theoretical)	1
Credit hours (practical)	0
Course Prerequisites	

#### Course Objectives

1 -	To know different types of dermatological diseases
2 -	To know the pathology of dermatological diseases
3 -	To know the pharmacology and drug reactions

#### Intended Learning Outcomes

Knowledge and Understanding	* Diagnose the dermatological disease
	* Recognize drugs reactions
	* Differentiate diseases related to dentistry

#### Course Contents

1 -	Basic Science and Immunology
2 -	Pediatric Dermatology
3 -	General Dermatology
4 -	Infectious Diseases
5 -	Benign and Malignant Tumors
6 -	Dermatological Surgery
7 -	Dermatological Surgery
8 -	Pharmacology and Drug Reactions
9 -	Pharmacology and Drug Reactions
10 -	Pathology
11 -	Pathology
12 -	Pathology
13 -	Dermoscopy
14 -	Life after boards

---

## Teaching and Learning Methods

- |                 |
|-----------------|
| 1 - Lectures    |
| 2 - Power Point |
| 3 - Assignments |
| 4 - Discussions |

---

## Students Assessment

<u>Assessment Method</u>	<u>TIME</u>	<u>MARKS</u>
Mid term and Assignments		40%
Final Exam		60%

---

## Books and References

Essential books	Dermatology, Sima Jain, Springer, 2012
	Fitzpatrick's Color Atlas and Synopsis of Clinical Dermatology, Klaus Wolff & Richard Johnson, Mc Graw Hill, 2014
	Andrews Diseases of the Skin, William D. James MD, Elsevier, 2006

## Knowledge and Skills Matrix

Main Course Contents	Study Week	Knowledge and Understanding	Intellectual Skills	Professional Skills	General Skill
Basic Science and Immunology	1	understand Basic Science and Immunology	realize the importance of Basic Science and Immunology		
Pediatric Dermatology	2	understand Pediatric Dermatology	realize the importance of Pediatric Dermatology	understand the different techniques of Pediatric Dermatology	
General Dermatology	3	understand Dermatology	realize the importance of Dermatology		
Infectious Diseases	4	understand Infectious Diseases	realize the importance of Infectious Diseases		
Benign and Malignant Tumors	5				
Dermatological Surgery	6+7	understand Dermatological Surgery	realize the importance of Dermatological Surgery		
Pharmacology and Drug Reactions	8+9	understand Pharmacology and Drug Reactions	realize the importance of Pharmacology and Drug Reactions	understand the different techniques of Pharmacology and Drug Reactions	
Pathology	10+11	understand Pathology	realize the importance to Pathology	understand the different techniques of Pathology	
Dermoscopy	12	understand Dermoscopy	realize the importance of Dermoscopy		
Life after boards	13	understand the life after boards
