

Planning and Quality Assurance Affairs

Form (A)

Course Specifications

General Information

Course name	E.N.T
Course number	DENT3105
Faculty	
Department	
Course type	College Needs
Course level	3
Credit hours (theoretical)	1
Credit hours (practical)	0
Course Prerequisites	

Course Objectives

- 1 - Student to be able to diagnose E.N.T, diseases and related dental problem
- 2 - To be safe physician regarding the Head and Neck complains

Intended Learning Outcomes

Knowledge and Understanding	<ul style="list-style-type: none"> * Examine painful with E.N.T. complaint * Understand relation with E.N.T. diseases * Differentiate diseases related to dentistry
-----------------------------	--

Course Contents

- 1 - Physical examination in E.N.T.
- 2 - Anatomy and physiology at the Ear.
- 3 - Malformation at the external ear diseases and middle ear diseases
- 4 - Inner ear-anatomy and facial nerve pulsy.
- 5 - Anatomy at the nose and physical examination
- 6 - Nasal disease and epistaxis
- 7 - Sinuses disease and complications
- 8 - Nasal and sinuses tumours
- 9 - Anatomy at the pharynx
- 10 - Diseases at the pharynx
- 11 - Anatomy at the larynx
- 12 - Diseases at the larynx
- 13 - Neal anatomy and neck spacuses infection

Teaching and Learning Methods

- 1 - Lectures
- 2 - Power Point
- 3 - Assignments
- 4 - Disscusion

Students Assessment

<u>Assessment Method</u>	<u>TIME</u>	<u>MARKS</u>
Mid term exam & Assignments		50%
Final Exam		50%

Books and References

Essential books	Scatt Brownn seventh edition, Michael J Gleeson ,G.Browning, Hodder Arnold, 2008.
